## SUMMARY

Front-End Developer with foundational experience developing responsive web applications and a strong grasp of modern technologies. Created dynamic user interfaces using React to enhance user engagement. Developed responsive websites employing HTML5, CSS, Bootstrap, and React.js to optimize user experience. Eager to contribute skills in producing innovative user-facing features while ensuring design feasibility in the frontend development space.

## EDUCATION

### Superior University Lahore

Bsc., Information Engineering Technology

Jan 2021 - Jan 2025

### Superior University Lahore

Intermediate, ICS Physics

Jan 2019 - Jan 2021

### Superior University Lahore

Matric, Computer Science

Jan 2017 - Jan 2019

## WORK EXPERIENCE

Sep 2023 - Jun 2024

### Professional Growth and Learning During FYP at University

- Develop complete user-facing features using modern technologies such as React Native and React to enhance UI design and functionality.
- Build reusable mobile applications with React Native, integrating them with Firebase for robust, real-time database capabilities, ensuring seamless user experiences.
- Create and optimize dynamic and responsive user interfaces using React, focusing on technical feasibility and UI/UX design principles.
- Apply strong command of the MERN stack (MongoDB, Express, React, Node.js) in designing and building scalable, high-performance web and mobile applications.

### Remote Work I Advertisement

Sep 2021 - Dec 2021

#### Remote Worker

- Execute remote data entry tasks and content management using digital tools, focusing on UX friendliness and efficiency.
- Manage and maintain the technical feasibility of online content on websites and social media platforms, ensuring usability and timely updates.

Nov 2023 - Jan 2024

#### Frontend Developer

- Developed and maintained responsive websites using HTML5, CSS, Bootstrap, and React.js.
- Implemented interactive features and optimized website performance.

## PROJECTS

### AuraUserve-Mobile-App (Home-Service)

- React Native and Node.js-based (Full stack application) platform enabling users to book diverse home services.
- Integrated Firebase for real-time data management, implemented user authentication, and ensured scalable application architecture.
- Demonstrated proficiency in full-stack development and API integration.

### Home-Service-Connect-Web-App

- This project is a web application designed to streamline home maintenance.
- It connects users with verified service providers for various household tasks such as cleaning, repairs, and renovations.
- The platform provides a user-friendly interface for browsing services as documentation.

### Responsive\_Portfolio

- Developed a highly responsive portfolio website using HTML, CSS, and Bootstrap.
- The project features a modern, user-friendly interface adaptable to various devices and screen sizes.
- Key elements include interactive components, smooth transitions, and an optimized layout that enhances user experience.
- Demonstrated expertise in frontend development and responsive design principles utilizing Bootstrap's powerful framework.

## Clinic Management System

- Designed and developed a comprehensive Clinic Management System for Saeed Homeopathic Clinic.
- The system streamlines patient management, appointment scheduling, and medical records handling using a user-friendly interface.
- Implemented features include patient registration, doctor availability tracking, billing, and reporting modules.
- Demonstrated skills in system analysis, database management, and user interface design to enhance clinic operations and patient care.

## BlogIT-Blogging\_Django-Project

- Developed BlogIT, a dynamic blogging platform using Django.
- The project allows users to create, edit, and delete blog posts with rich text formatting.
- Features include user authentication, commenting system, and category-based post organization.
- Implemented a clean, responsive design to ensure seamless user experience across various devices.
- Demonstrated proficiency in Django framework, backend development, and frontend integration.

## Portfolio\_Project

- Developed a highly responsive and interactive portfolio website using HTML, CSS, Bootstrap, and React.
- The project showcases a modern, user-friendly interface with dynamic content rendering and smooth navigation.
- Key features include an optimized layout for various devices, interactive components, and efficient state management.
- Demonstrated expertise in frontend development, responsive design principles, and React's component-based architecture.

## SKILLS

---

- **RELEVANT SKILLS:** HTML5, CSS3, jQuery, Bootstrap5, React.js, React Native, C++, Django, Ms Office, Canva, Technical Documentation, Problem - Solving, UI Design
- **LANGUAGE:** Urdu (Native), English (Fluent), Punjabi (Bilingual)

## CERTIFICATIONS

---

- **Frontend Development:** Jul 2023 - Oct 2023
- **Idea Ignition Competition:** 9 May, 2023
- **Hifz-e-Quran:** March, 2015
